

# SHAHID ALI

 <tel:+917294843882> |  [alishahidgpj@gmail.com](mailto:alishahidgpj@gmail.com) |  [LinkedIn](#)

## PROFESSIONAL SUMMARY

Results-driven Python Developer with expertise in backend development, REST APIs, and scalable web applications. Proficient in Django, Flask, and modern frontend frameworks with strong problem-solving, debugging, and optimization skills. Experienced in working collaboratively in agile teams, delivering high-quality projects under deadlines. Passionate about continuous learning and exploring AI/ML integration into web applications.

## TECHNICAL SKILLS

|                   |   |
|-------------------|---|
| Languages         | Python, SQL, JavaScript, HTML, CSS                          |
| Frameworks        | Django, Flask, Bootstrap, React.js, NumPy, Pandas           |
| Databases         | MySQL, SQLite, PostgreSQL (basic)                           |
| Tools             | Git, GitHub, VS Code, REST APIs, Postman                    |
| Core Competencies | Data Structures & Algorithms, OOP, Debugging, Communication |

## EDUCATION

### B.Tech in Computer Science & Engineering (CSE)

Radharaman Institute of Technology & Science, Bhopal | 2021 – 2025 | CGPA: 8.49/10

### Senior Secondary (XII)

D.A.V. High School, Gopalganj | 2019 – 2021 | 60.2%

### Secondary (X)

D.A.V. High School, Gopalganj | 2018 – 2019 | 69.9%

## INTERNSHIP EXPERIENCE

Frontend Web Developer Intern – Bharat Intern (Remote) | Feb 2024 – Apr 2024

- Developed 3+ responsive web applications using HTML, CSS, JavaScript, and Bootstrap.
- Optimized frontend performance, reducing page load times by 25%.
- Collaborated with backend developers for smooth API integration.
- Implemented UI/UX improvements leading to a better user experience.

## PROJECTS

Fundraising Platform (Django, SQL, Bootstrap)

- Built a secure donation platform with user authentication and online payment support.
- Admin dashboard to manage campaigns, track donations, and generate reports.
- Mobile-responsive UI using Bootstrap for seamless experience.

#### Weather Forecasting App (React, API, CSS)

- Integrated public APIs to fetch real-time weather data for cities worldwide.
- Achieved 99% accuracy rate in predictions with robust API error handling.
- Designed an interactive UI using React.js and CSS.

#### Real-Time Chat Application (Django Channels, WebSocket)

- Implemented instant messaging, live updates, and typing indicators.
- Features included user authentication, friend system, and message status tracking.
- Utilized WebSockets for real-time communication.

### **CERTIFICATIONS & ACHIEVEMENTS**

- Python for Everybody – Coursera
- Django Web Development – Udemy
- Problem Solving (Intermediate) – HackerRank
- Contributed to open-source Python projects on GitHub
- Solved 200+ coding challenges on LeetCode & HackerRank
